01 Architectural and Interior Re-Modelling Construction Delivery

02 Addition and Alteration Works

03 Engineering Services

04 Data Centre Fit-Out

05 Architectural & Interior Design Services

01 Architectural and Interior Re-Modelling Construction Delivery

Web Brothers Contract (WBC) excels in **architectural and interior building construction**, combining design excellence with disciplined project and construction management. Utilizing structured methodologies for **planning, scheduling, cost control, quality assurance, and risk management, WBC ensures precise, efficient, and accountable project delivery**. By integrating architectural vision with practical site execution, adhering to strict safety and sustainability standards, WBC consistently completes residential, hospitality, commercial, institutional, and government projects on time, within budget, and to high-quality standards.

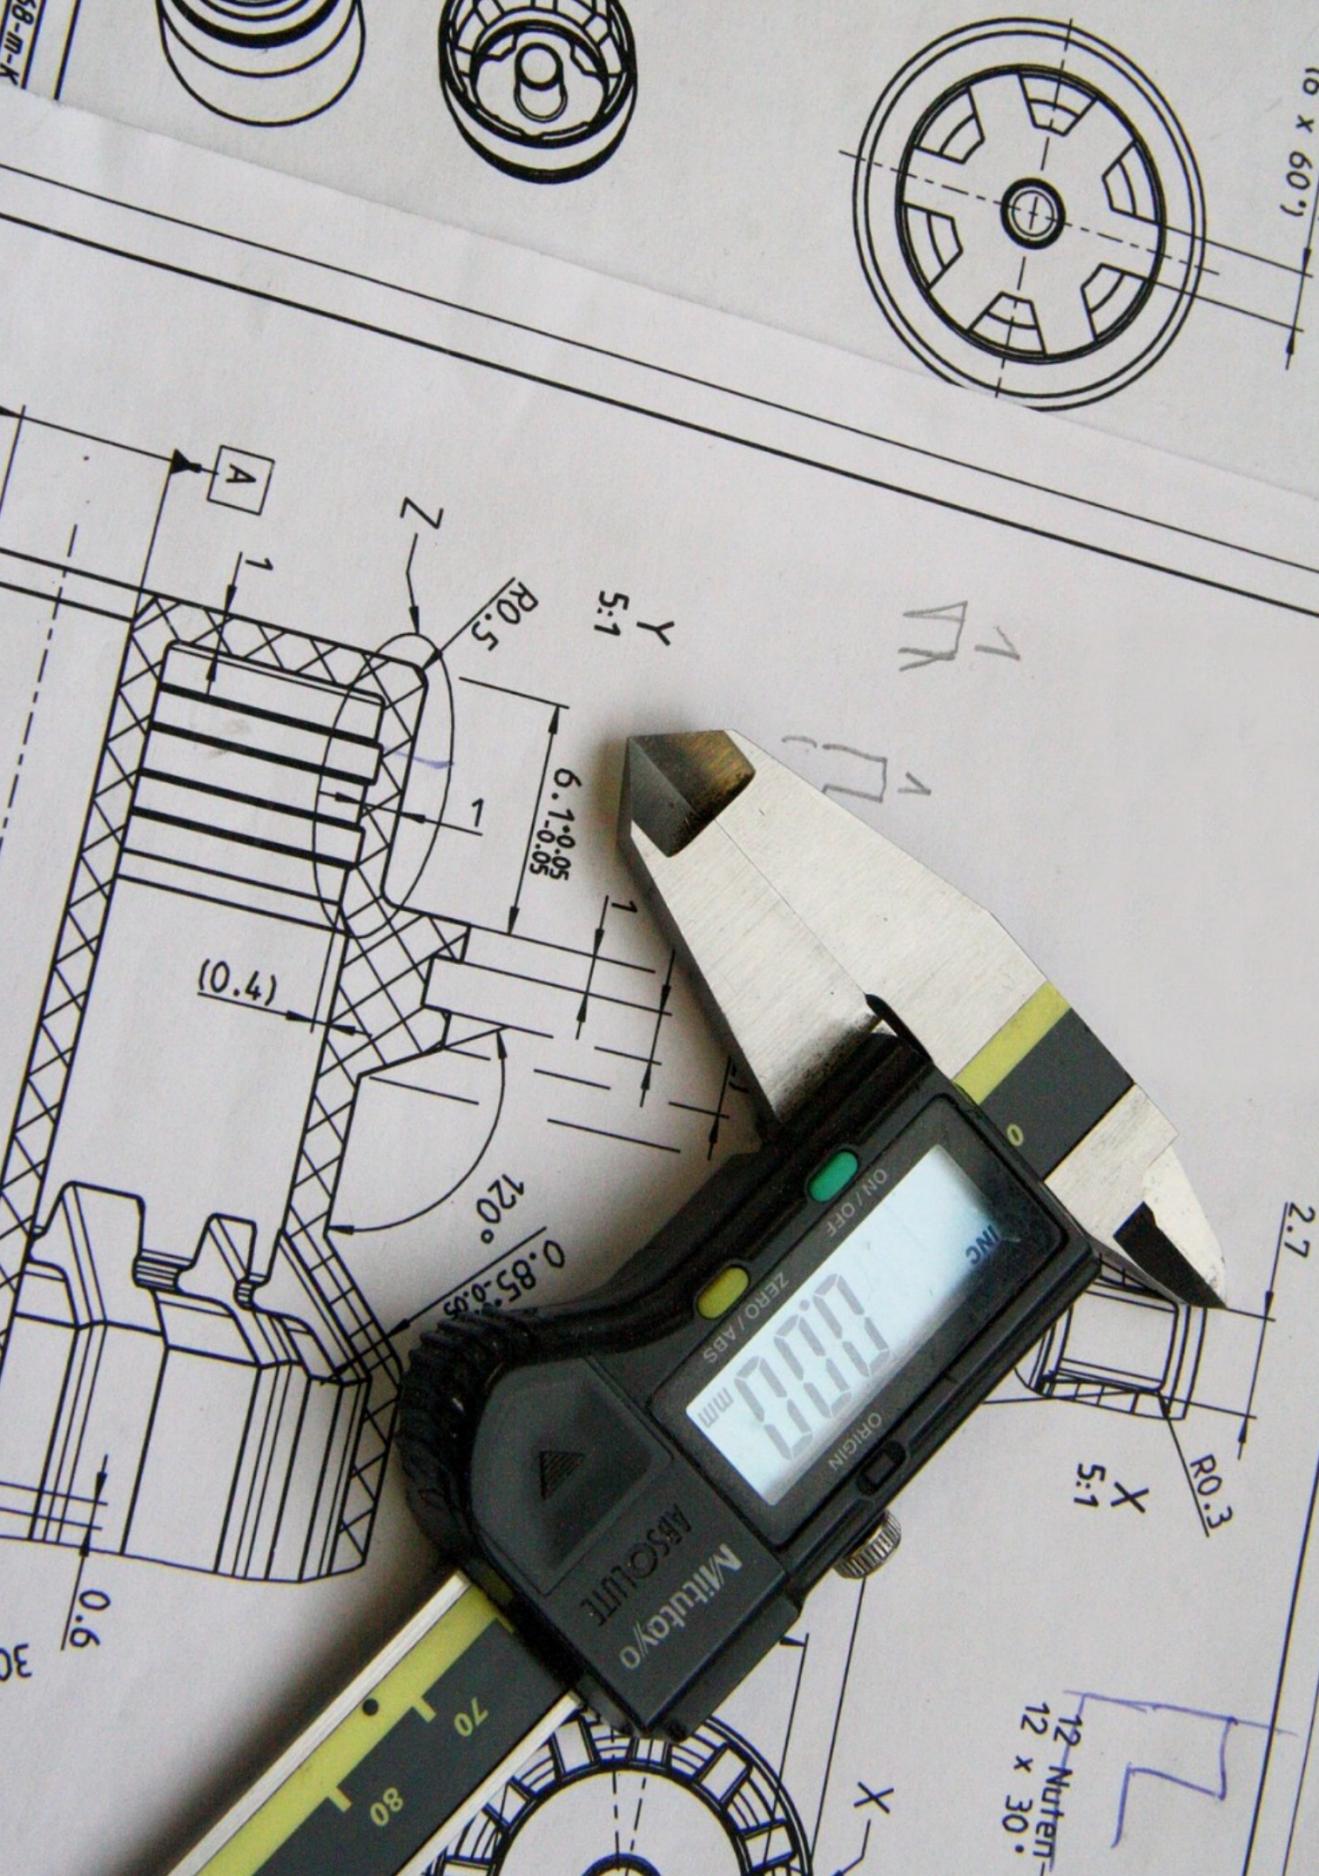

02 Addition and Alteration Works with a Focus on Heritage Building Restoration and Upgrading

Web Brothers Contract (WBC) specializes in **addition and alteration works, particularly heritage building restoration, blending technical expertise with robust project management.** WBC employs rigorous documentation, condition surveys, and phased planning to balance conservation with modern requirements, mitigating risks and preserving historical assets. Through stringent quality control and stakeholder coordination, WBC ensures delicate and precision execution in restoration process of heritage buildings to honor cultural legacies while meeting contemporary functional and safety standards.

03 Engineering Services – Mechanical & Electrical and Civil & Structural

Web Brothers Contract (WBC) provides mechanical & electrical (M&E) and civil & structural (C&S) engineering services through **robust design management and construction oversight. Utilizing international codes, peer reviews, and value engineering, WBC optimizes design integrity and cost efficiency.** Project management ensures actionable integration of engineering systems with architectural needs, minimizing delays and rework, delivering utmost reliability and compliance.

04 Data Centre Fit-Out

Web Brothers Contract (WBC) is capable of delivering comprehensive data center construction and setup services, focusing on robust, scalable, and secure Tier 1 and Tier 2 facilities tailored to modern enterprise demands. We designs highly efficient server room environments with enclosed setups, raised flooring, and modular partitions to optimize airflow and equipment isolation.

Together with renowned System Integrators, we provide end-to-end system integration, from site assessments and custom HVAC installations to network cabling and DCIM software for real-time monitoring.

05 Architectural & Interior Design Services

Web Brothers Contract (WBC) is dedicated in delivering exceptional and innovative designs & drawing, based on on extensive experience from transformative projects across corporate buildings, offices, palaces, hospitality venues, and medical facilities. With a proven track record, WBC forte of creativity with precision in crafting space planning that is usable and workable.

Our approach begins with a clear client brief, followed by meticulous design development, strategic cost planning, and disciplined programme management. This structured process ensures projects meet client objectives, timelines, and budgets without compromise.

WBC's unique design philosophy, rooted in over 22 years of industry expertise, blends aesthetic excellence with understanding client's cost expectations produces tailored corporate work-flow solutions.

Key Management Team

Shamsuddin Abdul Wahap
Managing Director

Shamsudin Abdul Wahap brings over **35 years of experience** in design, project management, and procurement. **Formerly the Principal and Founding Partner of Veritas Design Group, and Managing Director of Veritas Interiors Sdn Bhd (1992–2023)**, he has led major corporate and institutional projects including Seri Mutiara for TYT Penang, Istana Bukit Kayangan in Brunei, and the French Embassy at Langgak Golf, Kuala Lumpur. Recognized for his strategic approach to design and procurement, he has built international networks across ASEAN, China, South Africa, and Indonesia, supporting integrated design and supply projects.

A Registered Member of Lembaga Architect Malaysia (LAM) and the Malaysian Institute of Interior Designers (MIID), Shamsudin has also served as an Advisory Panel for the Ministry of Education on design courses.

Attended Mara Junior Science College, Seremban, York College of Art in England, and Architectural Association (AA) School of Architecture, London.

**Devaruban Murugesan**

Operations Director

Devaruban Murugesan is a highly accomplished executive with over **35 years of experience in the built environment industry**, encompassing construction economics, contract administration, project management, property consultancy, and business development. A results-driven leader, he is recognized for his strong management skills in guiding multidisciplinary teams, optimizing organizational performance, and driving complex projects to successful completion.

Zulkifly Abdullah

Finance Director

With over **30 years of experience in finance and accounting**, Zulkifly Abdullah oversees the financial strategy and operations of WBC. Having held senior roles in multiple companies, such as **Damansara Realty Berhad, Metro Parking, Seng Hup** and at **Light Style**, he brings extensive expertise in financial planning, auditing, and management. Since rejoining the company in 2016, he has been instrumental in strengthening its financial performance and supporting sustainable growth

Mazlan Ali
Commercial Director

Mazlan Ali brings over **35 years of commercial and management experience**, having built his career within the **Johor Corporation Group of Companies (JCORP)**. His diverse exposure spans property development, palm oil plantations, specialist healthcare, hospitality and tourism, shipping and logistics, and asset management. Throughout his career, he has held key roles across Johor Corporation's head office, Pasir Gudang Local Council, The Puteri Pacific Hotel, Selesa Hotel, Kulim (Malaysia) Bhd, and Damansara Asset Sdn Bhd, gaining wide-ranging expertise across industries.

Lee Wai Koon
Retro-fit Director

Lee Wai Koon, a minimalist interior designer with **10 years of experience**, creates functional and elegant spaces for residential and commercial clients. Known for timeless designs and meticulous attention to detail, he excels in project management, planning, and quality control. He built his career at **Cahaya Pedoman Sdn Bhd** and at the manufacturing division.

Muhammad Rozaidi bin Roslan
Design & Technical Director

Muhammad Rozaidi bin Roslan brings technical expertise and creative vision to our team. A forward-thinking leader, Rozaidi uses advanced 3D modeling techniques to create detailed, accurate representations, ensuring seamless project execution. His ability to blend design with functionality makes him a vital asset to our company's innovative construction approach. Rozaidi built his career at WBC, formerly known as **Cahaya Pedoman Sdn Bhd** and also at **Damansara Realty Berhad**, where he has honed his skills over the past **16 years**.

Portfolio

SERI MUTIARA RESIDENCE OF TYT PULAU PINANG

HERITAGE

The Seri Mutiara Residence, the official residence of the Yang di-Pertua Negeri Pulau Pinang (TYT), is an important heritage property with significant historical, cultural, and administrative value.

A comprehensive programme of restoration, upgrading, and refurbishment works was undertaken on a design and build basis.

The project objectives was to create a balance between the conservation of heritage character with modern upgrades to ensure the residence continues to serve effectively as both an official residence and a venue for ceremonial and state functions.

2023
RM 11 mill

ISTANA BRUNEI DARUSALAM

PALACE

The Istana Brunei Darussalam project involved the **comprehensive design, procurement, and interior fit-out of a 100,000 square foot** palace, marking it as a highly prestigious and complex undertaking in the region. Executed by a consortium of Malaysian and Bruneian contractors, the project showcased specialized expertise in luxury design, project management, and heritage-sensitive interior works, with a focus on sourcing high-quality materials, fittings, soft furnishings, and custom furniture from global suppliers to meet the Client's expectations.

Despite the challenges of the COVID-19 pandemic, the project was completed within budget and to the highest standards of craftsmanship, reinforcing the Istana's status as a national and cultural landmark.

2017
NDA

HENTIAN PUDURAYA KUALA LUMPUR

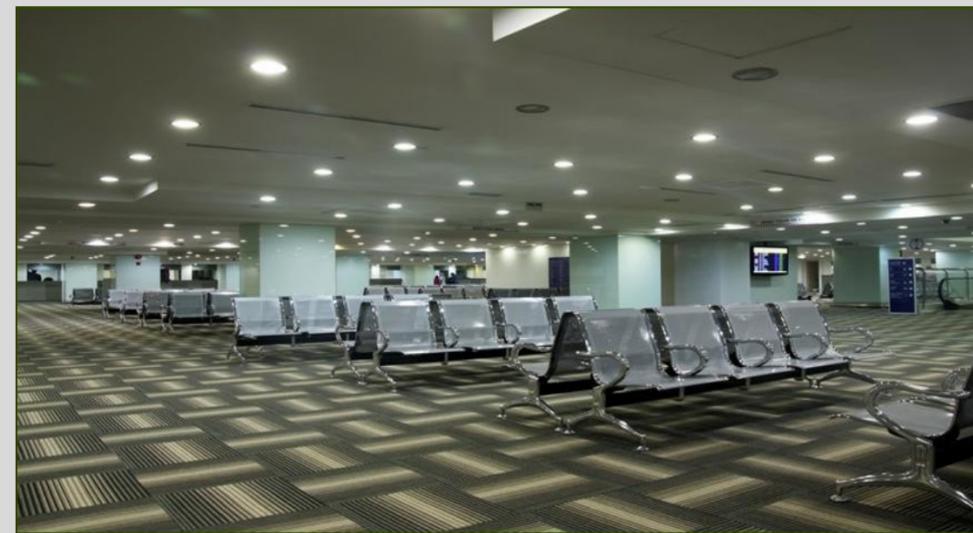

TRANSPORTATION HUB

The Pudu Raya Bus Terminal Project transformed the iconic 1970s terminal into a modern multipurpose Main Transportation Hub for Kuala Lumpur. The aging structure posed major architectural, engineering, and construction challenges, requiring innovative design-and-build solutions to create a safe, functional, and future-ready facility.

The project balanced technical excellence with sensitive urban integration, ensuring the new hub met contemporary standards while strengthening its role as a key gateway in the city's transport network. Delivered on a fast-track basis, the project was successfully completed within 9 months, on time and within budget.

2011
RM 98 mill

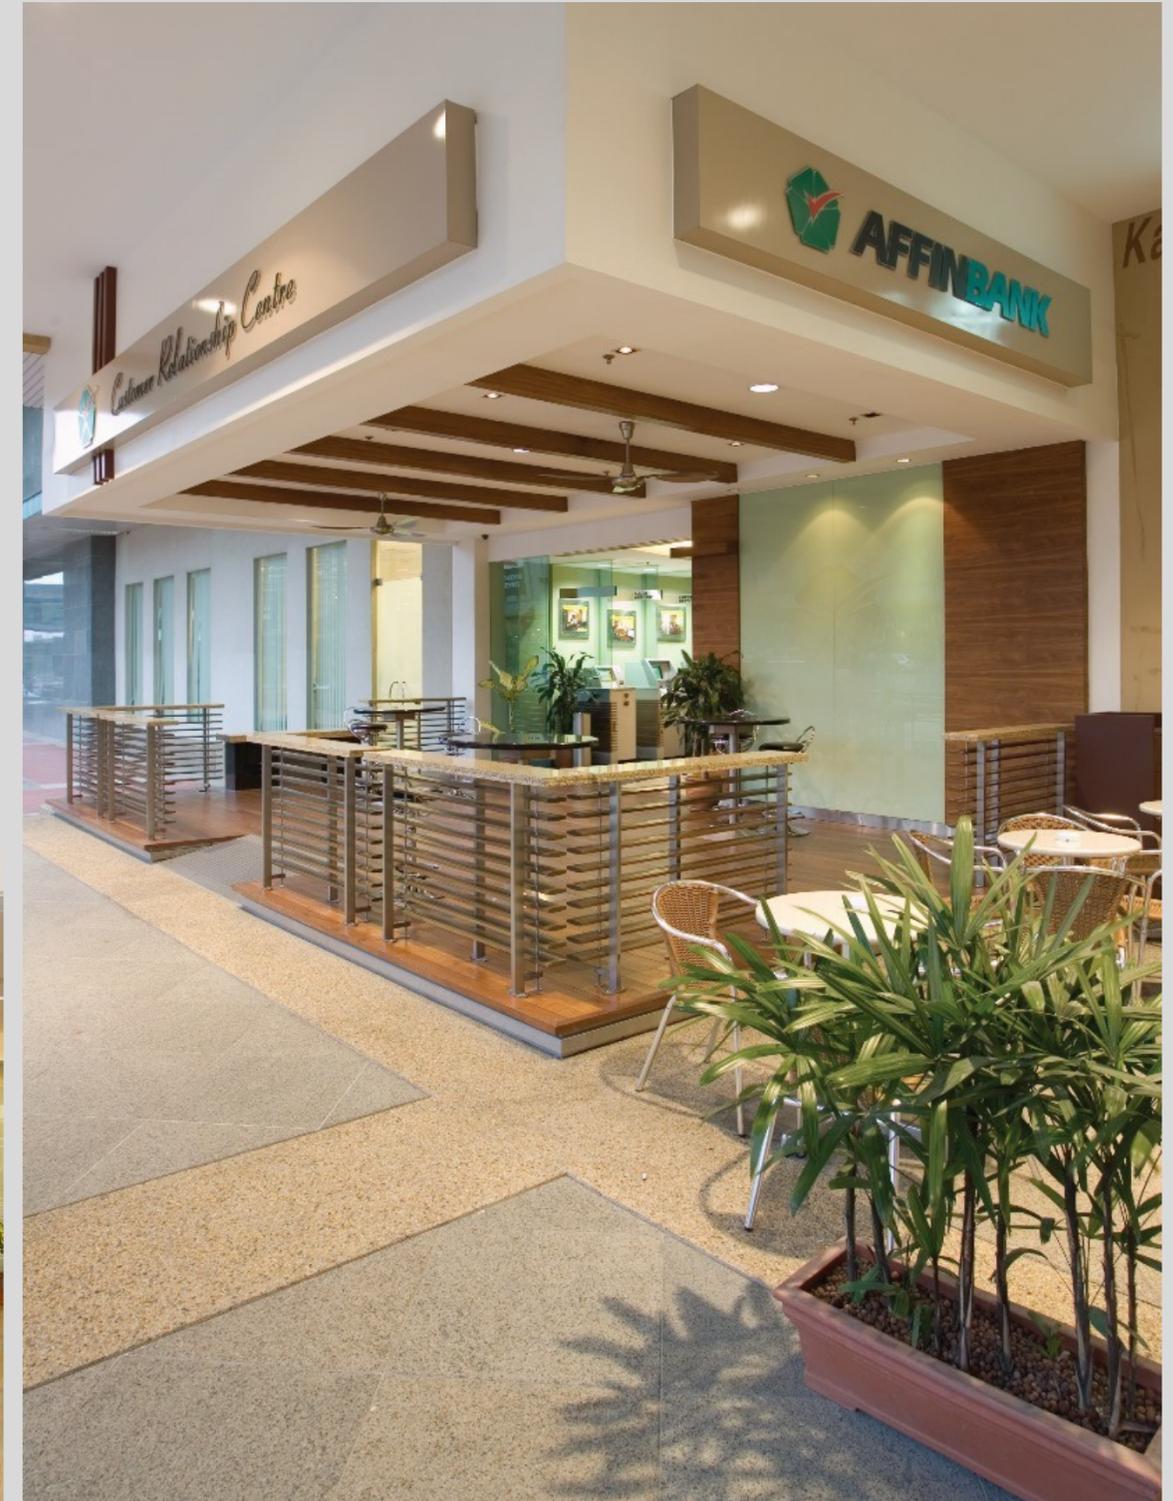

AFFIN BANK REBRANDING PROGRAMME

OFFICE

Web Brothers Contract was appointed following a successful design competition to spearhead the rebranding and standardization of Affin Bank's banking halls nationwide. The project's central objective was to create a modern, ergonomic, and customer-focused environment that reflects the bank's brand identity while enhancing staff productivity and customer experience.

The assignment encompassed the design and rollout of uniform counters, design features, and office equipment across all Affin Bank branches in Malaysia. Particular emphasis was placed on developing ergonomical workspaces that promote efficiency for staff, coupled with welcoming, conducive customer areas to elevate service interactions.

This nationwide implementation ensured that every branch delivers a consistent look, feel, and functional standard, reinforcing Affin Bank's brand presence and strengthening its image as a modern and customer-centric financial institution.

2007
RM 18 mill

ROYAL BINTANG HOTEL, THE CURVE DAMANSARA

HOTEL

The Royal Bintang Hotel was Boustead Holdings' first business-class hotel, establishing a hospitality landmark in the prime commercial hub of The Curve, Damansara. The 150-room, RM35 million fully serviced hotel was designed with modern business amenities and contemporary interiors to meet the needs of business travelers. The project was executed in phases.

The project emphasized comfort, efficiency, and functionality while ensuring seamless integration between front-of-house guest areas and back-of-house operations for service quality and operational efficiency. It set a benchmark for business-class hospitality in a vibrant urban setting, combining modern conveniences with an enhanced guest experience.

2006
RM 35 mill

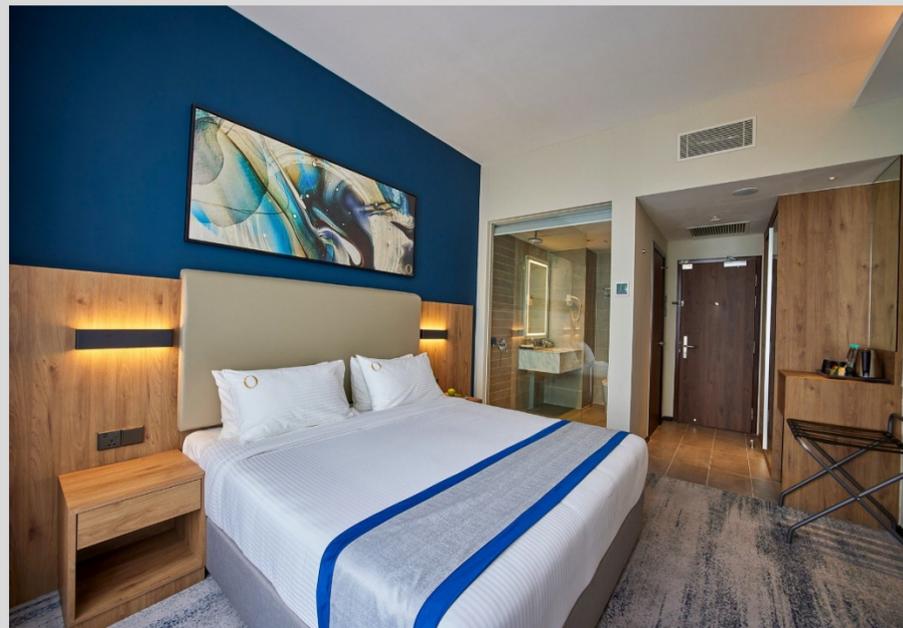

OPERO HOTEL, JOHOR BAHRU

HOTEL

Web Brothers Contract undertook the full fit-out and interior development of the 150-room Opero Hotel, located in Southkey, Johor Bahru's emerging commercial hub. The scope covered all public spaces and guest rooms, with designs addressing both guest experience and operational efficiency.

The hotel embodies the standards of a modern business-class facility, combining functional layouts, contemporary aesthetics, and practical back-of-house integration to deliver comfort, style, and smooth operations.

2006
RM 20 mill

PULAU TENGAH RESORT MERSING, JOHOR

OFFICE

Batu Batu Resort is an exclusive private island retreat off the coast of Mersing, Johor. The project involved the full interior design of the resort, including 33 beachfront villas, a spa villa, hilltop guest rooms, and various food and beverage facilities.

Built with tropical timber, the resort was designed to blend naturally with its surroundings while highlighting stunning island and seafront views. Interiors draw from the natural landscape, combining elegance and comfort to create an authentic island experience. The result is a sustainable luxury retreat that reflects the unique character of Pulau Tengah while offering world-class hospitality.

2006
RM 18 mill

KENANGA INTERNATIONAL BUILDING

OFFICE

The refurbishment and upgrading of the Kenanga International Building, spanning **35,000 square feet**, aim to transform the space into a modern, functional, and inviting environment. The project encompasses **key areas including office spaces, a main lobby, an Austin Chase coffee house, and a central foyer**. The scope of work includes the installation of loose and built-in furniture, as well as comprehensive finishes for walls, ceilings, floors, partitions, and carpets. Additionally, the project involves the integration of advanced IT and security systems, including necessary equipment, to ensure a seamless and secure user experience. This holistic approach will enhance both the aesthetic appeal and operational efficiency of the building.
